## Lesson Dates & Calendar of Events - It's time to plan your riding schedule!

The lesson schedule is outlined below. Lesson dates are highlighted on the calendar below. Students wishing to participate in lessons may pay for the full session or by the lesson. Payment for the full session will ensure your permanent lesson spot. Permanent lesson spots will be filled on a first come first served basis. Beginner group lessons are limited to 4 students per lesson. All other group lessons are limited to 8 students per lesson. Students paying by the lesson must call weekly to verify lesson openings and schedule a lesson. **Any lesson taken above the designated number will be charged at the individual rate.**

Speak with our trainers concerning the appropriate group lesson or to schedule a private, semi-private, or evaluation lesson. A semi-private lesson is a great way to learn with another rider or two (2-3 people/thirty minutes).

Circle the group lesson below and return this form with your payment.

Schedule Sample below:
